AFS JANITORIAL ANNOUNCES NEW VP OF BUSINESS DEVELOPMENT

Property Manager and Janitorial Executive with 20 Years of Experience to Drive Growth

TAMPA, Fla. (Sept. 1, 2011) – AFS Janitorial (AFSJ), a statewide janitorial & facility services company headquartered in Tampa, announced today the hiring of Dave Angel as Vice President of Business Development. The staffing addition follows a series of acquisitions including Brooksville-based Provident Securities, Inc. earlier this month.

Angel brings more than 12 years of Class A property management experience plus 11 years of business development experience in the janitorial industry where he was responsible for opening new offices across the Eastern seaboard and throughout the Southwest. He is a certified Real Property Administrator (RPA) and Facilities Management Administrator (FMA). Angel will be responsible for cultivating new business throughout the state.

“We are excited to have Dave on our team as he brings not only Class A building experience but also an in-depth janitorial knowledge of professional maintenance,” noted Bryson Raver, Director of Operations. “This executive hire again demonstrates our commitment to quality and turnkey offerings for our customers.”

Last December, AFSJ hired Tammy Roque, a 16-year veteran property manager, as the Director of Quality Assurance to oversee the I-4 corridor portfolio. Angel will work with Roque to further brand AFS Janitorial as Florida’s leading janitorial and office service provider while continuing to seek additional acquisitions.

About AFS Janitorial

AFS Janitorial is a leading provider of janitorial, interior facility services and exterior facility maintenance to the commercial sector throughout the State of Florida.
