AFS JANITORIAL PURCHASES EQUITY STAKE IN PROVIDENT SECURITY, INC.

Security Guards & Technologies Added to Tampa-Based Janitorial Company

TAMPA, Fla. (Aug. 26, 2011) – AFS Janitorial (AFSJ), a statewide janitorial & facility services company headquartered in Tampa, announced today it has purchased an equity stake in Provident Security, Inc. Provident is a security officer & technology provider specializing in HOA communities, condominium high rises, Class A office buildings, industrial, retail and medical facilities.

AFSJ sought the venture to increase its menu of building services, hoping to simplify the day to day vendor management process for its customers. In addition to janitorial services, AFSJ provides exterior building and asphalt maintenance through its sister companies, AFS Florida and ABC Paving & Seal Coating, respectively.

“This investment again reaffirms our commitment to offer our customers with a turnkey service company they know and trust,” said Bryson Raver, AFS Janitorial Director of Operations.

“So many property managers we work with need both janitorial and security functions,” declared Keith Jackson, President of Provident Security. “It makes strategic sense to partner with AFSJ, blending not only our products but also our marketing efforts.”

Provident Security currently services more than 50 locations across Florida and boasts more than 150 security guards across the center of the state.
